ABOUT US

KEDASI opened in the early of 2016 with a vision to redefine the way West Jakarta perceived a workspace. After successfully launched four spaces throughout Jakarta (Tomang, Tanjung Duren, Thamrin, and Pluit, we open our fifth branch, ONE SPACE by KEDASI, as another addition in the heart of Central Jakarta.

Located in Sudirman area, ONE SPACE by KEDASI offers state of the art auditorium, modern, and cozy private offices, meeting rooms, event spaces, and home to great services, amenities, and collaboration. Boasting over more than 1200 m2 of space at the epicenter of Jakarta, ONE SPACE is designed with the notion of innovation, creativity and productivity that can be maintained by collaboration, interaction, and learning from each other.

We at ONE SPACE believe that human and spatial relations are designed to create a culture that transform office from regular working environment into a social platform for interaction, encounters and co-producing. Thus, it is our goal to inspire, connect and enable the city and its business communities through various business support programs to energize and motivate Jakarta's incredible thinkers and creators. Let's grow together!
